**TV announcer:**

*Important event in Bucharest! Dozens of consulting firms worldwide, from various activity fields, sent their representatives to meet each other and create collaborative networks!*

**Video voice over:**

*The host, Boscolo & Partners, the Romanian member of association, Morison KSi, managed to gather over 250 delegates from Europe and North America.*

*The participants are representatives from different firms offering consultancy, financial, accounting, audit, legal and marketing services. At the event, the foreign delegates had the opportunity to get to know each other and find out the latest news from their fields, and especially to establish new collaborations for the future. In addition, they were shown new ways of promoting their firms, in order to distinguish themselves from others. Practically all of these firms, which are part of the association, work together and share experiences and resources, and those who gain from this are their clients.*

*Morison KSi is an important international association of firms that provides its clients with professional services, with a turnover of one billion dollars. The company was recently formed by the union of two companies, Morison International and KS International. The Bucharest conference, hosted by the Romanian firm Boscolo and Partners, is the first event after the merger.*

*Morison KSi has 1201 partners, with nearly 9000 employees and 375 offices in 88 countries.*
